MEMORANDUM FOR: Deputy Director for Administration

FROM : 
Director of Communications

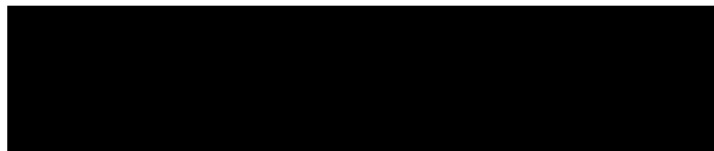

SUBJECT : Office of Communications
Reorganization (U/AIUO)

1. (U/AIUO) The attached "Proposed Office of Communications Reorganization" contains the Mission and Functions for each Division and Staff. Diagrams are included to graphically illustrate the chain of command.

2. (U/AIUO) The main thrust of this reorganization is to assign management and resources control to the Foreign and Domestic Network Divisions for current operational direction and support of the overseas and domestic communications networks. The Engineering Division will be primarily engaged in developing the equipment to make the transition from today's technology to that of the future as projected in new requirements and interpreted by the Strategic Plan.

3. (U/AIUO) I believe this organization can support the expanding needs of the Agency and the community more effectively and efficiently. It does not require additional personnel; it more clearly identifies Divisional and Staff responsibilities; and optimizes use of resources. With your approval, I will proceed to implement this reorganization in consonance with the Office of Personnel.
